Myers, Travis

Myers, Judd Smith and Speaker Kathleen Garrison!

Kathleen is a consultant with Hermitage Safety and provided our attendees with tips on motor carrier audits and compliance. She provided great information that every logging business can use to have better audits and stay compliant with motor carrier enforcement authorities and, of course, stay safe!

Rita Hyatt Offered a Free Workshop for Spouses on Floral Design!

Rita Hyatt explains the art and techniques of arranging flower parts into something beau-

tiful and awesome for our homes!

Ladies joining their husbands decided to join the workshop on Saturday morning to see first hand how to design beautiful pieces of art through real flower parts. As design turned into finished products, Rita gave away the arrangements to her guests! All enjoyed a good time in the morning while their husbands were busy learning about the wood products markets from experts.
